

24th February 2021

Dear Parents,

Following on from the Prime Ministers announcement on Monday that all schools will be returning on Monday the 8th of March, I am delighted to also confirm that High Achievers will reopen our doors and arms to all children from this date.

As previously we will continue to adhere to strict social distancing practices, however still ensuring that the children have a club that is both safe and fun.

Children will continue to be grouped to ensure that the bubbles are as consistent as reasonably possible, along with having the same allocated staff to each group.

Children will still be encouraged to wash their hands more frequently and reminded of the importance of remaining in their bubbles and social distancing.
Snack and playtimes children will also be kept in their specific bubbles.

Along with teachers, High Achievers staff will also have access to lateral flow testing and can test themselves twice weekly to support early prevention strategies.

Drop off and collection routines will remain the same with parents unable to enter the building with their child/ren.

We would appreciate if **ALL** parents can reconfirm their places and required sessions as we appreciate circumstances may have changed.

Please complete the attached form with your requirements and email it back to Highachievers.finance@gmail.com.

The form can be completed online, saved, and emailed back without the need to be printed and scanned.

Please complete the form even if your requirements have not changed to ensure we have reserved your space.

Alternatively, please feel free to contact Nicki on 07958306738 with any questions or queries.

We look forward to seeing you on the 8th March.

Kind regards

Nicola Clement
Director
