

## Year 4 Weekly Newsletter – 19<sup>th</sup> September 2025

What have Year 4 been up to this week?

This week in English, we have been completing some grammar work around fronted adverbials and conjunctions of cause, ready for our biographies. We have then planned and started to write up our biographies about the life of Greta Thunberg. We will be finishing these next week before moving onto our next genre.

This week in Maths lessons, we have been looking at finding 1000 more and 1000 less than a given number before moving onto rounding to the nearest 10, 100 and 1000. The children have all done really well with this. We were both very impressed!

### Other exciting things that happened this week...

In other news, we have been exploring Pacific Trash Island in Geography, finding out what it is, where it is, and just how big it is! Did you know that it measures around 1.6 million km<sup>2</sup> and weighs around 79,000 tonnes!

We have investigated the water cycle and learned new vocabulary such as infiltration and transpiration. The next time it rains, make sure to ask your children what is happening.

Miss Hopper has also been back in school this week, beginning the start of our flute and clarinet journeys. The children in 4A will be learning the flute and 4B will be learning the clarinet. We can't wait to start making music!

### ★ 4A's Star of the Week

Michelle has been a wonderful role model for her peers in 4A this week. She always tries her best to follow our school values and rules.

### ★ 4B's Star of the Week

Munachimso always works hard within lessons, and I can rely on him to contribute to class discussions. Well done Munachimso!

4B's coin total – 95 coins
