

Featherstone Primary School

Year 6 Weekly Newsletter – 17th April 2026

What have Year 6 been up to this week?

This week in writing, we explored formal letters and the structural and language features of these. In pairs, we up-levelled an example before planning and writing our own. We then explored the features of a narrative, identifying where atmosphere has been built.

This week in maths, we learnt about and answered a range of questions based on statistics and different charts, graphs and tables. We recapped the four operations and applied our knowledge to reasoning problems before recapping rounding.

In history, we examined the causes and results of Hatshepsut's reign before studying the impact that Alexander the Great had upon society, deciding whether or not he deserves his title of 'great.'

In PE, year 6 learnt about the different throwing methods in cricket.

In PSHE, we learnt that it is important to take care of my mental health and that problems we go through are nothing to be ashamed of.

	<p>6A's Star of the Week</p> <p>Moses for his improved attitude towards his learning! I am so impressed with your effort and enthusiasm when tackling tricky reasoning questions in maths. You've also shown great curiosity and could recall key facts when exploring different dictators in history. Keep up the super work!</p>	<p>6B's Star of the Week</p> <p>Reniya has shown a tremendous attitude this week. This has been clear with the work she has evidently produced and the values she has expressed across the school. Well done Reniya, keep it up!</p>
