

# EYFS- Measures w/c 1/6/20 (Lesson 3)

This week, the children will be practising measuring using non-standard units (hands, feet, cubes)

This will cover the Mathematics Early Learning Goal-

*Children use everyday language to talk about size, weight, capacity, position, distance, time and money to compare quantities and objects and to solve problems. They recognise, create and describe patterns. They explore characteristics of everyday objects and shapes and use mathematical language to describe them.*

Notes:

You can explore sharing practically with toys, cubes, counters etc. Children learn best through play experiences and practical demonstrations.

Keep talking to your child as the language you use will reinforce the learning.

## **Activity 3a: Ordering length**

Can you put the pictures in order of length?

# EYFS - Measures w/c 1/6/20 (Lesson 3)

## Activity 3b: Ordering height

Can you put the pictures in order of height?
