

Use the hundred squares to calculate these number bonds to 100.

$$41 + \underline{\quad\quad} = 100$$

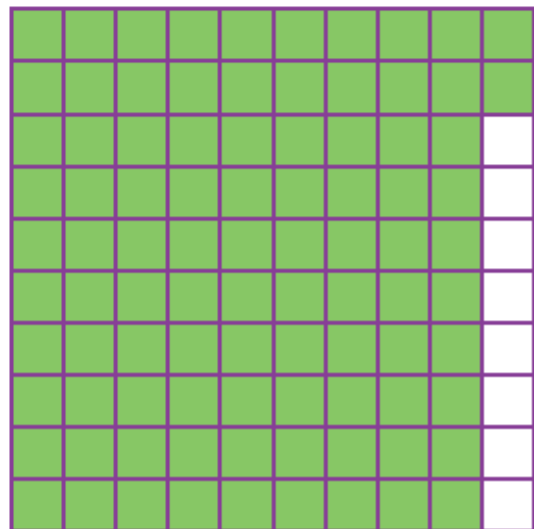

$$\underline{\quad\quad} + 25 = 100$$

$$100 - 56 = \underline{\quad\quad}$$

$$100 - \underline{\quad\quad} = 92$$

Rosie and Amir have each made a number using Base 10

Here is my number!

Our numbers add together to make 100

What number has Amir made?

Use your own chosen method to complete the bar model.

I have put spare 100 squares on the last page. In case you need them

Tens and unit to cut out to help you.

Extra 100 squares to help you.
