Write down one way you use the internet. Then write down one way an adult you know might use the internet.

The title says '25 Years of the Internet'. Find and copy the sentence which shows that this is a good choice for the title.

'It links lots of things together.' Think of a word which you could use instead of 'links'.

Not many people remember when 'things like the modern internet were made 50 years ago'. Why does the world remember the start of the World Wide Web?

'Things like the modern internet were made 50 years ago, but they were smaller.'

a. What does the word 'modern' mean?

b. Rewrite the sentence using a word (or words) other than 'modern'.
