

Year 3—Money.

Lesson 4—subtracting pounds and pence.

$$£1 \text{ and } 93\text{p} - 41\text{p} =$$

$$£2 \text{ and } 45\text{p} - £1 \text{ and } 20\text{p} =$$

$$£7 \text{ and } 90\text{p} - £2 \text{ and } 58\text{p} =$$

$$£8 \text{ and } 60\text{p} - £1 \text{ and } 90\text{p} =$$

I have £4 and 80p. I spend £1 and 35p on some sweets. How much money do I have left?

I have £5 and 60p. Tom has £2 and 85p less than me. How much money does Tom have?
