Subject: Art & Design

Activity Outcome: Sketch Elizabeth Magie.

With a pencil, sketch a picture of Elizabeth Magie. Sketch lightly so you don't need to keep using a rubber (you can just go over your areas of sketching).

Try to use some shading to show lighter parts and darker parts, or shadows. This can be done by holding your pencil slightly differently so that you sketch with the side.

Challenge: Use hatching and cross-hatching to show a realistic tone to the sketch. Here is a YouTube tutorial on how to hatch and cross-hatch

Activity Outcome: Make your own monopoly!

Elizabeth Magie's ideas led to the invention of *Monopoly*. It is now your turn! Make your own version of Monopoly based on your house and local area. How much will your bedroom be sold for? What about the local shops? And which room or place will be the most expensive property to land on?

If you want to, you can also make some of the cards that go with your Monopoly version, such as the property, 'Chance' and 'Community Chest' Cards.
