Weekly School Newsletter

18th June 2021

Dear Parents and Carers,

What a busy week it has been in school this week! As always, there has been a lot going on. The class teachers continue to deliver really exciting lessons that the children enjoy. The children in EYFS have particularly enjoyed the lovely weather earlier on in the week, making full use of the sandpit, mud kitchen and construction area! Have a read of what else has been happening in school.

Induction

This week, we were very pleased to have welcomed the new reception parents onto school site in very small, socially-distanced groups. It was great to see the new faces that will be joining us as well as welcoming back the parents with older siblings in school. We very much look forward to welcoming the new children in September.

Transition

Earlier on this week, you will have received an email explaining all about our transition policy. We are careful to review the make up of each of our classes to ensure that children are as best supported as they possibly can be. The children will meet their new teacher for a few hours on the 7th July. Information about classes will be sent out before then.

Year 5 Art Project

Year 5 have been working very hard all week on a *massive* art project led by our artist-in-residence, Lindsay. This has been a huge undertaking and the 'Time Tunnel,' when it is finished, will look incredible. The skills that the children have gained whilst doing this project has been brilliant and their behaviour has been top-notch. Take a look at some of the photos below.

Have a lovely weekend,
Mr. E. Gaibee
Headteacher
