

Featherstone Primary School Weekly School Newsletter

26th March 2021

Dear Parents and Carers,

I am very proud of how the children have returned to school for the past one month. They have come back to school after the third national lockdown and settled in brilliantly like nothing had ever happened. The Values that they have shown have been excellent and I cannot believe that we only have four school days left in school. Please have a read of this week's updates, reminders and information.

An advertisement for the Birmingham Local Offer. It features a woman and a child looking at a tablet. The text includes the website 'www.localofferbirmingham.co.uk', the phrase 'Now live and packed with information to help children with SEND', the Birmingham City Council logo, and logos for Birmingham Children's Trust and NHS.

Birmingham Local Offer

Birmingham City Council have updated [their website and information](#) which details and explains the help and information that there is for children with special educational needs and disabilities (SEND). Do take a look and there will be more information to follow from Miss. Beach.

COVID-19: A very important reminder

We understand that COVID-19 is incredibly worrying and challenging for us all. One thing I must ask though parents, is that if someone in your household is awaiting results from a COVID-19 test, then you *must not* send any children in your household to school even if the children seem and feel fine. If someone is waiting for COVID-19 test results in your house, *all members of your house must self-isolate* and follow the government guidance, which can be [found in full here](#).

Easter

A reminder about the Key Stage 1 Easter Bonnet parade, that is on Wednesday 31st March. Children have the opportunity to make and bring in an Easter hat/bonnet. The classes will meet in the playground (socially distanced) and show off their hats to one another. There will be a prize for the best hat in each class.

There is a 'decorate an egg competition' for classes in Key Stage 2. Get creative and competitive! All entries to be in school by Wednesday 31st March. There will also be a prize for a winner in each class.

Have lovely weekend.

From Mr. E. Gaibee

Headteacher

Here is some of the learning from this week:

Practising backstitch in Year 3

Super scientists. Extracting strawberry DNA in Year 6

Spanish in Year 2!

Above: Balance and body shapes in Reception.
Right: Year 5 using Google Chromebooks for research and non-chronological reports.
